Site Two Build in Progress!

Opening Autumn 2022

Having run half of our operation from of a rented facility for the past few years, we are delighted that the build of Happy Plants Site Two is well underway and we should be starting to move in to our new home by September. We're still keeping our main site in Formby, but Site Two will be a much more sustainable, efficient set up for us than the old rental site has been

Situated just off the A5758 motorway link road and with scope for further expansion as needed, the future is looking quite exciting.

We can't wait to invite you along for a tour as soon as possible!
